### LOOMS

#### SAORI 60 SERIES

SAORI SX 60 (foldable, highly portable, wood & metal frame):	\$ 1349
SAORI 60 (all wood frame):	\$ 1499
SAORI 60A-2 (all wood frame; wheelchair accessible; height-adjustable):	\$1629
SAORI SX60-H (SX60 with longer metal legs – for taller people):	\$1395
SAORI SX 60 w/4 harnesses:	\$1776
SAORI 60 w/4harnesses:	\$1942
SAORI SX60-H w/4 harnesses:	\$1790

Each new SAORI 60 Series loom includes: 1 complete harness set to match the loom (2 or 4 harnesses); 1 reed; 1 shuttle; 1 denting hook; 1 heddle hook; 2 tying rods; 1 pkg. 15 bobbins *without* metal ends (rims). Also, the looms come with 1 pre-rolled and threaded 150-thread, 6-meter black cotton warp with a re-usable cardboard rolling tube.

**Ordering your Loom:** We place one or more large orders to Japan each year. Most looms in each order are spoken for; we keep very little inventory. **Our next order will be placed on 4-1-2010.** To have the model you want available, send a non-refundable deposit of \$250 (check or money order) to Saori Worcester at the address above, to arrive before the order date. Feel free to consult us in advance before sending your deposit.

**NEW! SAORI PICCOLO:** Designed for weavers ages 4 to 104, this loom has a light-weight metal frame that is extendable, foldable, & highly portable. It has a shelf for scissors, bobbins, etc., a clamp to hold the folded loom closed, & an attached bobbin winder.

**Note:** Unlike the 60 Series looms, we can order one or more Piccolos for you at any time!  
Promotional price (guaranteed through 6-30-2010): **\$ 899**

Each new Piccolo loom includes: 1 two-harness set; 1 reed; 1 pre-rolled and threaded 150-thread, 6-meter black cotton warp with re-usable cardboard rolling tube, and 1 tying rod with a clip that makes tying the warp to the rod with knots unnecessary. No other accessories included: when ordering your Piccolo loom, we suggest you consult us regarding what accessories you will need to fit your plans.

## ACCESSORIES

Note: A unique feature of every Saori loom is that the “Inside Set” can be removed and replaced with another, allowing for multiple works-in-progress on one loom. One Inside Set = 1 Harness Set, 1 Reed, 1 Rod, & 1 Tube. These items are often ordered individually, but a *set* of these 4 items is needed for *each* different concurrent work-in-progress on one loom. (You do not need extra tubes if you are only using pre-rolled warps, since each of these comes with a tube.) The cost of an inside set varies slightly according to the type of tying rod and tube you order, and according to whether you are using a 60 Series or Piccolo loom. See below to calculate your inside set cost:

Harness set (2 harnesses): 60 Series **\$160** Piccolo **\$80**

Reed (available in a variety of densities): 60 Series **\$86** Piccolo **\$64**

Tying Rod: 60 Series and Piccolo **\$7**
